

“Los Angelitos” and “Mi Pequeño Universo”
Inauguration of two renovated kindergartens in Pamplona Alta

Monday morning, the 19th of March, we inaugurated two newly renovated kindergartens in Pamplona Alta, San Juan de Miraflores, Lima.

We started right on top of a hill in the human settlement “Los Angeles” where the little school “Los Angelitos” is situated. The past few months we renovated the toilets and we replaced the leaking and dangerous roof. We shared a beautiful celebration together with the 50 children, their parents and teachers.

From there we descended to the settlement “San Francisco de la cruz” where nearly 100 children, together with their parents and teachers, waited for us to inaugurate their fully renovated school, a new build 4th classroom and new toilets. The garden will soon be green because the sewer water will be processed and re-used to make that possible. It was a beautiful celebration with life music and food prepared by the parents, also attended by the mayor of San Juan de Miraflores and the local padre who baptized every space and simultaneously many of the children.

Hereby some photos to share these beautiful events with all of you.
Equipo Aynimundo

New toilets for both schools

Los Angelitos:

Freshly painted by the parents and with a new waterproof roof

Children , parents and guests, all together in the newly covered patio

Mi Pequeño Universo:

The new classroom

The newly renovated school, now with 3 classrooms
